This office action is responsive to communications filed 03/01/04.

Claims 1 – 21 are pending.

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 15 - 21 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

3. Claim 15 recites the limitation "the lug" in lines 4 and 5. There is insufficient antecedent basis for this limitation in the claim.

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 1 – 7 and 10 – 13 are rejected under 35 U.S.C. 102(b) as being anticipated by GB 2 341 852 A.

The document GB'852 discloses a temporary closure device (See Figs. 2, 2a & 4), for a throughway comprising a sleeve (9) and a core (4) located in the sleeve, the core having a rupturable annular connection (at (15)) that is ruptured by displacing the core axially in the sleeve to allow fluid to flow through the sleeve.

Art Unit: 3753

6. Claims 8 and 9 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

7. Claim 14 is allowed.

8. Claims 15 - 21 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

9. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
